American National Insurance Company, headquartered in Galveston, Texas is licensed to conduct business in all states except New York. Business is conducted in New York by American National Life Insurance Company of New York, headquartered in Glenmont, New York. Each company has financial responsibility for only the products and services it issues.

How to Submit a Life Application

Before Completing a Life Application Remember:

- The agent must be licensed and appointed, according to applicable state regulations, with American National Insurance Company and American National Life Insurance Company of New York (if doing business in NY) before writing and submitting an application.
- Applications cannot be dated prior to the agent's license appointment effective date with the company.
- Any application submitted from an agent that is not appointed with the company will be held in the Administrative Office pending compliance with state licensing appointment requirements.
- If state licensing appointment requirements are not met, the application will be incompleated.
- American National is not obligated to accept any business that is not in compliance with state regulations.

What are my options for submission?

American National currently accepts life applications in the following formats:

Electronic application through ExpertApp	Preferred Method! Access via the IMG website img.anicoweb.com or login to your ExpertOffice account
ExpertScan Application	Scanned life apps can be submitted through your ExpertOffice account

Life Application Tips:

- The agent should examine the application thoroughly and become familiar with it before completing the information.
- All questions should be asked and all answers recorded completely and legibly, using black ink.
- Dashes, ditto marks and crosses have no legal meaning and are not valid answers.
- All boxes should be marked with Xs and not check marks. Those questions that do not apply should be left blank unless instructions are given to write "none."
- The agent has no right to change a signed application without the applicant's consent. Every alteration, erasure, correction, or addition made on the application must be initialed by the applicant.
- "White Out" is not acceptable on the application.

Important Information

1. An exam by an applicant's personal physician is usually unacceptable.
2. Medical requirements will not be waived if the amount is reduced after the application is submitted.
3. An application written in excess of \$500,000 must be written C.O.D. Any policy that will be Table 4 or over should also be C.O.D.
4. HIV consent form should be collected by the agent at the time of application, and submitted to the Administrative Office if required by state.
5. **CWA Refund Checks:** When a file is incomplete, declined, or postponed, the refund check may not be returned to American National for reversal. These checks may not be applied as CWA on a rewritten or reopened case. A new remittance must be obtained from the applicant in such cases so that no basis is established that would make the company liable for risks it has previously rejected. Refund checks for declined and postponed cases (CWA) will be returned directly to the client.

American National reserves the right to order any requirement it deems necessary for sound underwriting practice. To obtain a copy of an abnormal blood profile and/or information from an APS on rated, declined or postponed cases, write to the address below. *(This written request must be over applicant/insured's signature and contain the name and address of the doctor whose records are in question.)*

Underwriting Requirements Shelf Life

Ages up to 65 (Standard Risks or Better)

Medical Exams, labs, EKG's, and MVR's are good for 12 months on Standard risks or better. Underwriting reserves the right to order "for cause" requirements. After 6 months, a new non-medical application with completed medical questions will be required. The company will also order a new prescription check and MIB after 6 months.

Ages up to 65(Substandard Risks)

Medical Exams, labs, EKGs, and MVR's are good for 6 months. Underwriting reserves right to order "for cause" requirements. A newly completed application or Good Health Statement may be required.

Ages 66-75

Medical Exams, labs, EKG's and MVR's are good for 6 months. Underwriting reserves right to order "for cause" requirements. A Good Health Statement and updated prescription check will be required upon delivery if exam or fully completed application is over 3 months old.

Ages 76+

Medical Exams, labs, EKG's, and MVR's are good for 3 months. May allow up to 4 months if there has been a complete physical in the medical records in the past 3 months. Underwriting reserves right to order "for cause" requirements. Updated prescription checks and Good Health Statements may also be required.

Preferred Risk Underwriting

Available on Designated Plans Only

Preferred risk contracts are designed and priced to produce better mortality results than can be expected from an average block of business. In other words, to support pricing assumptions, preferred lives must be better than standard lives.

Financial Underwriting Guidelines:

Personal Coverage

Income Replacement and Estate Preservation

Earned Income Replacement Table

Age	Income Factor
18-40	20-30 x
41-50	15-20 x
51-60	10-15 x
61-65	8 x
>65	5 x

Estate Preservation Calculation (Ages below 70)

1. Assess value of net worth.
2. Apply reasonable factors for growth and years compounding to determine future value. See "Growth Rates and Years Projected for Estate Preservation" below.
3. Multiply future value by 40% (estate tax rate) = Total amount needed for estate preservation. Subtract any personal life insurance coverage not being replaced.

Estate Preservation Calculation (Ages 70+)

Same formula as "Ages below 70" as listed above, except subtract \$5,000,000 exemption.

Growth Rates and Years Projected for Estate Preservation

Use higher annual growth rates when asset allocation/situation indicates that higher rates of return could be reasonably expected:

Age	Years Projected	Annual Growth Rate
50 & Under	20 years	6% (10% max)
51-65	15 years	4% (8% max)
66-70	10 years	3% (6% max)
71+	7 years (If life expectancy is less, use life expectancy)	3% (5% max)

STOLI/IOLI

It is American National's policy that life insurance should only be purchased to provide protection to those with an insurable interest in the life of the insured. We will not knowingly participate in life insurance sales motivated by the possible sale of policies in a secondary market or participation of investors in policy death benefits. This includes Stranger-Owned Life Insurance (STOLI), Investor-Owned Life Insurance (IOLI), life settlements or viatication.

In order to control the issuing of policies intended for these purposes, we require that Form 4439 (ANY-4439 in NY) "Customer Identification Verification" be completed on all cases. If any of the questions on this form are answered "Yes," additional forms will need to be completed, per the instructions on the form. Form Series 10051 (ANY-10051 in NY) "Premium Funding Intent Form" will also need to be completed for all cases in which the proposed insured is age 70 or older and the face amount applied for is \$500,000 or more.

Rebating

American National complies with all anti-rebate laws and expects its producers to also comply.

Xpress & Xpress Plus FAQs

Q: What is the Xpress program?

A: An underwriting program that is used to process applications for insured's age 65 or under and applying for a face amount of \$249,999 or less that is designed to speed up the underwriting process to allow for quicker issues and faster turnarounds. Xpress is available for both paper and electronic applications. No automatic exam is required. The need for an exam is determined based on answers to the application, MIB, RX, and Risk Classifier. If an exam is required, the agent will receive a notification.

Q: What is the Xpress Plus program?

A: Xpress Plus is a new underwriting program that expedites the application process and saves your clients time and hassle by automating a portion of the underwriting process for applications submitted electronically. When you submit an individual application that is within the parameters of the Xpress Plus program, exams are not automatically required. The need for an exam is determined based on answers to the application, MIB, Rx, and Risk Classifier. If an exam is required, you will be notified, either immediately or via ExpertOffice.

If submitted through ExpertApp:

- If answers on the application prompt the need for an exam, the agent will receive a notification immediately in ExpertApp. The agent will then order the additional required exams.
- If the MIB, Rx, and/or Risk Classifier prompt the need for an exam, the agent will receive a notification via ExpertOffice and email. The agent will then order the additional required exams.

Q: What is the Risk Classifier?

A: The Risk Classifier classifies risk by utilizing characteristics derived from public records and credit history. By using a Risk Classifier as part of the underwriting process, American National can avoid ordering exams and labs. This allows policies to be issued more quickly and, in turn, commissions are paid faster. And remember, even if the Risk Classifier is outside our parameters for accelerated underwriting, a client may still be eligible for life insurance, but additional exams may be required.

Q: Will you still use the Risk Classifier if my client is not in an accelerated underwriting program?

A: Yes, all applications for policies with a face amount of \$100,000 - \$1,000,000 will use the Risk Classifier.

Q: What products are underwritten using the Xpress and Xpress Plus Programs?

A: All individual life products issued by American National Insurance Company and American National Life Insurance Company of New York.

Q: What ages and face amounts are included in the Xpress program?

A: Ages 0-65: Up to \$249,999

Q: What ages and face amounts are included in the Xpress Plus program?

A: Ages 18-50: \$250,000 - \$1,000,000
Ages 51-60: \$250,000 - \$500,000

Q: What underwriting classes are available for the Xpress program?

A: Standard and substandard.

Q: What underwriting classes are available for the Xpress Plus program?

A: Preferred Plus, Preferred, Standard Plus, Standard
Cases rated substandard will be disqualified from the Xpress Plus program but are still eligible for issue with full underwriting.

Q: Are the Xpress and Xpress Plus programs used only to underwrite electronic applications?

A: Xpress Plus: Yes, electronic applications (ExpertApp) are required.
Xpress: No, paper and electronic applications are both accepted.

Q: Does American National still accept paper applications?

A: Yes. However, the Xpress Plus program requires an electronic application.

Q: What if my client's application does not meet the parameters of either the Xpress or Xpress Plus programs?

A: If American National is not able to issue a policy through the Xpress or Xpress Plus underwriting programs, we will offer traditional underwriting to the applicant.

Q: Will applications that require a medical exam still be eligible for preferred plus rates?

A: Yes. The requirement of a medical exam does not automatically eliminate the possibility of still obtaining a preferred plus rate class.

Q: If I know my client will not meet the parameters for the Xpress Plus program should I go ahead and order the exam and labs?

A: Yes, if your client is applying for more than \$249,999 of coverage and will be excluded for face amount, age, or one of the conditions listed on the program disqualification list (see Underwriting Guidelines), you can expedite the application process by ordering the typical exam and labs as you would for traditional underwriting.

Q: Are commissions affected?

A: Accelerated underwriting does not change any commission structure.

Q: What riders are available?

A: All riders are available when using the Xpress and Xpress Plus programs.

Q: Is this Simplified Issue?

A: No, Simplified Issue generally implies a short form application, non-medical underwriting with an accept/reject decision and in many cases, higher insurance premiums. Xpress and Xpress Plus require a full application while maintaining the ultimate goal of rapid underwriting decisions and competitive premiums. Simplified Issue programs have been consolidated/simplified, and Xpress Plus can be used in situations where the group does not meet the eligibility requirements for the Simplified Issue program.

Q: Is this Guaranteed Issue Life Insurance?

A: No. Xpress and Xpress Plus require underwriting to maintain competitive premiums. Guaranteed Issue programs have limited death benefits, a benefit waiting period, and higher premiums.

Q: What application will be used and will there be sections that do not need to be completed?

A: The standard full application will need to be completed in its entirety.

Q: Is a tele-app required for Xpress or Xpress Plus?

A: No.

The American National Story

Chartered on March 17, 1905 by American National Insurance Company's founder, W. L. Moody Jr., began operations with \$100,000 of capital and \$20,000 surplus. Following a conservative investment philosophy, Mr. Moody believed that profits should finance future growth, so American National did not pay dividends to investors in those early years. Mr. Moody envisioned a company that would flourish for centuries. His conservative business approach created a unique corporate culture that remains the heart of the company today.

American National Life Insurance Company of New York, a wholly-owned subsidiary of American National Insurance Company, was incorporated under the laws of New York in October 2009 and is only licensed to business in New York.

This culture has helped American National persevere through wars, hurricanes, economic volatility, extraordinary technological advancements, evolving products, and the changing needs of contract holders and agents. American National remains financially strong and will continue to manage its business respecting the conservative principles of its founder, driven by its corporate vision to be a leading provider of financial services for current and future generations.
