Administrative Guidelines

Premium Payment

What are acceptable methods of payment? Assurity accepts payment for initial and renewal premiums using the following methods: automatic bank withdrawal, personal checks, money orders and cashier checks in amounts below \$200 per month per policy, and cashier's checks in amounts above \$10,000. Credit/debit cards are accepted for initial and renewal payments when electronic applications are used. When paper applications are used, credit/debit cards are only accepted for renewal premiums. Please use one of these methods so that payment is credited to your policy in a timely manner.

How can premiums be paid by automatic bank withdrawal? Premiums may be deducted from the policyowner's bank account by selecting this option on the application (including information provided on the Field Underwriter's Statement) and by completing and returning an Automatic Premium Payment form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. The same form may be used to change the bank account.

Automatic bank withdrawal premium payments may be drafted on any day between the 1st to the 28th of each month. If an automatic bank withdrawal payment is returned or declined, Assurity will notify the policyowner and send a copy of the notification to the agent. If a remittance is not received prior to the expiration of the grace period, lapse/non-forfeiture processing will be initiated.

How can premiums be paid by credit card? Assurity accepts credit and debit card payments for initial and recurring premium payments when electronic applications are used. We accept VISA, Master Card and Discover credit/debit cards. The credit/debit card payment option for initial payment is not available with paper applications. However, after a policy has been issued, the customer can change the payment method to recurring credit/debit card by contacting the Customer Connections, as detailed in the About Assurity section. Available dates for recurring payments are on any day between the 1st to the 28th of each month. Customers also have the option of paying the premium by automatic bank withdrawal.

How are subsequent premiums billed? For policies on direct billing, the original premium notice is mailed 20 days prior to the due date. If unpaid, a reminder notice is mailed five days after the due date.

When will coverage lapse if premiums are not paid? Premiums must be paid on or before the due date or during the 31-day grace period that follows the due date. The policy stays in force during this time. If a remittance is still not received at the end of the 31-day grace period, lapse/non-forfeiture processing will be initiated. The grace period does not apply if the insured requests termination of the policy.

How can a “list bill” be set up? Premiums may be billed to the policyowner’s place of employment in a “list bill” by selecting this option on the application (including information provided on the Field Underwriter’s Statement) and by having the employer complete an Authorization for List Bill Individual Sales. Available premium modes for list bill are monthly, quarterly, semi-annual and annual. The initial premium must be remitted with the application. If you have any questions about setting up a list bill, contact Customer Connections, as detailed in the About Assurity section.

Can premiums be paid in advance? Premiums may be paid in advance of their due date in a Premium Deposit Fund which can be set up by contacting the Customer Connections, as detailed in the About Assurity section. Interest on this fund is credited annually on the anniversary date of the policy. The interest rate applied may change periodically.

Dividends

This is a nonparticipating policy. Dividends will not be paid.

Surrender

The policyowner may surrender the policy by completing and returning a Surrender Request form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section.

- two years before the end of the level term period for the 15-, 20- and 30-year plans, or

Premiums for the new policy will be based on the insured's gender, underwriting class, age and Assurity rates in effect on the new policy's issue date.

The policyowner may request conversion by completing and returning an Application for Policy Conversion.

An application is available on AssureLINK as detailed in the About Assurity section. Any unearned premium can be applied toward the initial premium for the new policy.

Reinstatement of a Lapsed Policy

If the policy lapses due to nonpayment of renewal premium, the insured may apply for reinstatement up to three years from the date of lapse. The following must be provided to Assurity's administrative office:

- a completed Application for Reinstatement form, which is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section, and
- a signed medical authorization.

If the application for reinstatement is approved pending payment of required premium, Assurity will notify the insured of the premium needed to reinstate the policy. Once payment is received, the policy will be reinstated on the reinstatement date – the date Assurity has both approved the application and received the premium due. Additional reinstatement procedures will be determined by the policy language approved in each specific state.

Claims Guidelines

Claims Questions

Customer Connections is available to handle telephone calls from policyholders including verifying coverage and answering policy or rider benefit questions. They can be reached as detailed in the About Assurity section.

Death Claim Processing

The policyowner or beneficiary may begin death claim processing by contacting Customer Connections, as detailed in the About Assurity section, for a Request for Proceeds form, and providing the insured's date of death. Complete and return this form to Assurity along with a certified copy of the insured's death certificate and the policy. Some claims situations may require other forms.

Death Benefit Payment Options

The policyowner may elect a payment option other than lump sum during the insured's lifetime or the beneficiary may also elect a payment option if proceeds are payable to the beneficiary. Options include the following:

- payment for a fixed period – equal installments for a fixed period of years not to exceed 30 years;
- payment of a fixed amount – fixed payments are made in installments until the proceeds are depleted;
- left at interest – interest of not less than 1 percent annually will be paid periodically.

Waiver of Premium Benefit Administration

The policyowner may request waiver benefits by completing and returning the appropriate form. A form may be obtained by contacting Customer Connections, as detailed in the About Assurity section. Forms must be returned to Assurity within 180 days of total disability while the insured is still alive, the total disability still exists, not more than one year after the insured's 60th birthday and not more than one year after any premium is unpaid.

Until the request has been approved, the policyowner must continue to pay all premiums. When approved, all premiums paid after the date of disability, but no more than one year prior, will be refunded.
